Experience

Альфа Банк — 05.2025 — Present

Senior Product Designer

Building a new e-commerce product from scratch, shaping the user experience at every stage — from research and flow design to launch.

Designing and evolving the product's core areas: cart, video feed, user profile, and offline BNPL checkout flows.

МегаФон — 07.2023 — 09.2024

Senior Product Designer

Improved app and web metrics for a product with **17M MAU**.

- Redesigned the plan selection flow: purchase conversion **up 44%** (from 9% to 13%), selection time **down 17%**, home internet sign-ups **up 72%** (from 745 to 1,283 per month).
- Redesigned the Eva voice assistant: user share **up 6 pp** per month, opt-out share **down 3 pp** per month.

X5Group — 12.2020 — 07.2023

Senior Product Designer

Relaunched the Pyaterochka app with **10M MAU**.

- Designed the loyalty program: points, card, activation, personalized offers, and stories. New X5 Club features increased average order value **by 8%**.
- Ran UX and A/B tests with the UX lab and built a metrics framework based on Google HEART.
- Evolved the design system with a team of four designers.

Previous project

- Redesigned the corporate learning portal within a year, improving key metrics for employees and training managers.
- Led a team of two designers in refactoring the design system for HR services.

MedAcoustica — 07.2018 — 12.2020

Product Designer

Designed a job board for doctors in Germany, Austria, and Switzerland from scratch.

Researched user needs and validated hypotheses for job search, reviews, and hospital profile flows.

Сбер — 08.2016 — 08.2018

Product Designer

Created dashboards for managers at all levels. Designed a role-adaptive interface that cut report preparation costs **by 87%**.

citibank — 08.2013 — 08.2016

Analyst, UI Designer

Launched an employee incentive program and automated processes for the server and database team, speeding up workflows and reducing errors.

About

I'm a product-minded designer who looks for solutions where both the business and users win. I design mobile apps and web products at scale: MegaFon with 17M MAU, Pyaterochka with 10M.

I've worked at product companies with strong design systems and mature processes, so I know how things work from the inside and ramp up quickly.

Education

UI/UX Design, Graphic Design
California Institute of the Arts (Coursera)
2018–2019

Master's in Business Informatics
HSE University
2011–2017
